Games Night has begun! We gathered in the office to play different boardgames and everyone had a lot of fun!!!

On a sunny, nice day, the office team decided to go to Kazbegi with all of the volunteers, let's just say we hadn't seen this much snow in a while!

Met great people and made unforgettable memories, which are still in process cuz I am here for a year. Half way through and i can say that i am already not the same person as i was until the project started. Everyday is about getting new skills and knowing myself better"

"This month another volunteer who used to live and work with me went back to Turkey. I have time to think about my life, what I want to do in future. I met local youngsters, made communications and made friends. I am grateful for being here and I know it's one of the best years of my life"

Erasmus+ 2021-2027 programme

The new Erasmus programme 2021-2027 has been launched. The first annual work programme and the call 2021 have also been published.

The programme's budget is €26.2 billion, compared with €14.7 billion for 2014-2020. This will be complemented by about €2.2 billion from the EU's external instruments.

With this increased budget, Erasmus+ will be more inclusive, more digital, and more green. It will also include DiscoverEU which offers 18 year-olds the possibility to get a European rail pass to travel, learn from other cultures and meet fellow Europeans.
