Hiking Story

This month the Droni team went on a hike to Borjomi. The landscape was amazing and hiking there at the same time was fantastic.

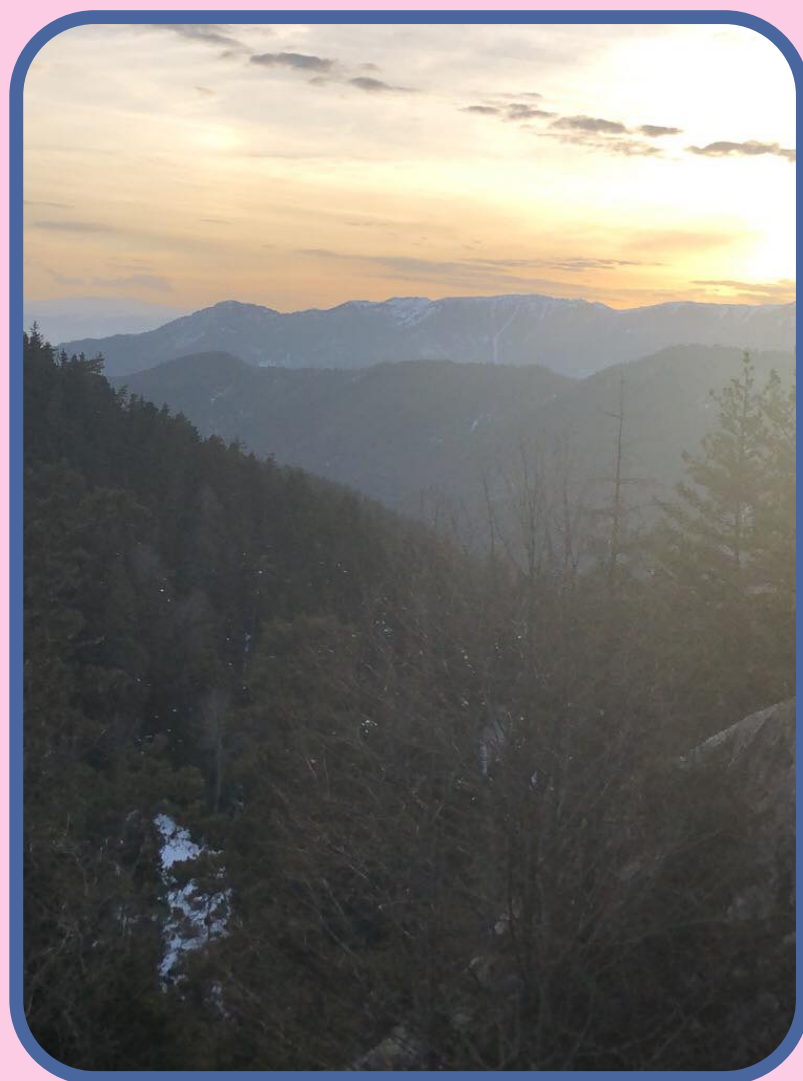

The hike probably made some of us grateful to have easy access to everyday utilities.

Special thanks to Tbilisi Youth Center Union for providing transport!!

World NGOs Day

February 27 is World NGOs Day!!!

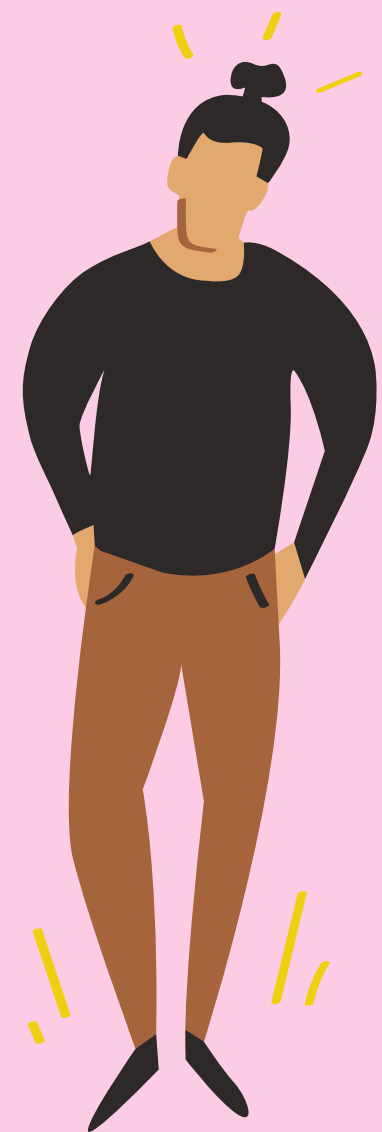

There are nearly 10,000 non-Governmental Organizations registered in Georgia, actively contributing to positive, result-oriented change in the country. They are valuable actors in protection, prevention, promotion, and transformation and important actors in any democratic society.

In this regard, we had a live engagement on Instagram with a Turkish organization. We talked about our organization, volunteering, young people.
